

THE PERFECT SOLUTION FOR ELEMENTARY SCHOOLS

Parent/Teacher Conferencer (PTC) is at the top of the class when it comes time to schedule parent teacher conferences at elementary schools. With the ability to schedule single and multiple student families PTC takes the nightmare out of scheduling time for parents and teachers to meet. PTC's advanced yet flexible scheduling engine creates optimal meeting times for student families' and their teachers in minutes. This simple easy to use software allows staff to save time and energy, allowing them to focus back on the matter at hand, student education.

Parent/Teacher Conferencer

- Easy to use
- Compatible with any SIS - all that's needed are a few simple text files
- Extremely Fast - schools with over 400 students can schedule in seconds
- Can set dates, length, and times for conferences
- Prints Teacher's schedules
- Prints merged letters to parents with mailing labels
- Teacher constraints
- Parent/Family constraints
- Checks for duplicate family records

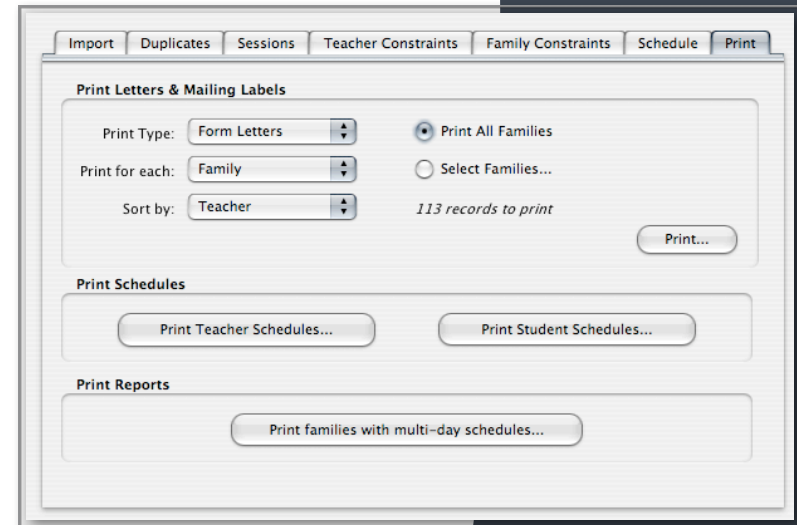

BE THE HERO IN YOUR SCHOOL

With PTC you'll quickly rise to hero status as your staff will be duly impressed with the speed you can create family-friendly schedules with children back-to-back.

System Requirements

Phoenix PTC is available on:
Windows (XP or Greater)
Macintosh (OS X)

COMMUNICATE WITH PARENTS THE RIGHT WAY

"It used to take us weeks to schedule each round of parent teacher conferences. PTC created schedules, produced printed teacher schedules and parent form letters of our school of over 300 students in just minutes"
(Kelly R. - UT - PTC User)

Pricing

A one-time cost of
\$495 per school
